Welcome

Welcome to Fawn's book of book covers! Here I will post book covers I make. You can request a cover for your book!

I accept requests for mainly:

Warriors
Wings of Fire

Please use the cover. If you are not going to use it, then don't request it. Don't request for others, unless they for some reason can't do it themselves.

I will tag you when I publish it. I make all my covers with Canva. I use AI generated art most of the time.

Thanks for reading!

May StarClan light your path,
Fawn

Do you like either of these a little better? They're not the cleanest, because my tools were glitching (T-T), but I tried my best.

I thought that the snow might be a nice touch:

/\ Is this any better? I think it's just part of the wing T-T. My tools are still acting weird, so...I would make it cleaner if I could.
